Due to Covid-19, our lessons will look a bit different this summer. We are only able to offer PRIVATE lessons at this time.

Private lessons will be five, one hour long sessions for \$85.

If the swimmer is not yet in level three, one parent or guardian will be required to be in the pool with the swimmer.

If the swimmer is in level three or above, the parent/guardian may sit at a picnic table outside of the pool.

Lifeguards will keep social distancing of six feet apart, no exceptions. Your child must be able to listen and follow directions from the lifeguard without physical contact. No refunds will be given.

Goggles are preferred, but not necessary.

All lesson accessories will be sanitized after each use.

Once payment is received, a life guard will contact you to schedule lessons.
